

SPC Flooring

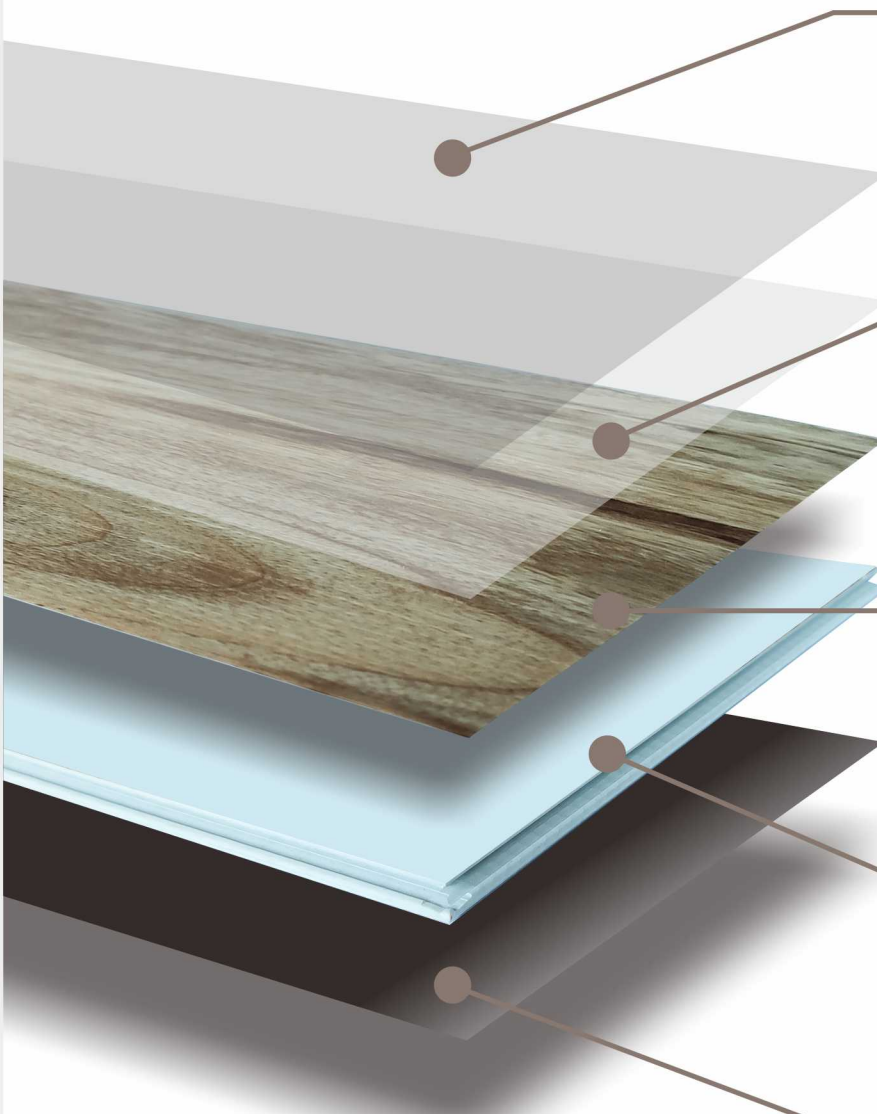

Make every square
meter warm!

Now people are in an era of pursuing sustainable development, new materials and new energy emerging in endlessly. SPC flooring as the only floor decoration material that can be recycled, it has great significance for protecting the natural resources and ecological environment of our planet. SPC flooring is a new type of environmentally friendly flooring developed based on high technology, with features of zero formaldehyde emission, mildew resistance, moisture resistance, fire resistance, insect resistance, and simple installation. It is widely popular in developed countries in Europe, the United States and the Asia-Pacific market. With its excellent stability and durability, SPC flooring not only solves the problem of damp and deformed wood flooring, but also solves environmental problems such as formaldehyde emission in other decoration materials, which meets the requirements of high-end customers at home and abroad.

Product Structure

CERTIFICATE

Certificat - Certificado - Certipfenn - Zertifikat - 證書

1) APPLICANT (who finally puts the product on the market)

Foshan MeiyiTech Co.,Ltd

Building 10 Tieshi Innovation Park,Item 2 Road,Changsheng District Foshan City,Guangdong Province,China

2) CERTIFICATE NO.:

ISETC-001520191218

FILE REFERENCE:

TCT-GGC-191218-161

3) ISET MARK:

4) CAUTION ABOUT CE MARKING (Instruction for the Applicant who puts the product on the EU market)

The label of the CE Marking on the left side should be not less than 5mm height. CE Marking and EUC Declaration of Conformity are duties for the manufacturer or its applicant who puts the product on the market. This one is responsible to start the CE marking and certification procedure as required by the legislation in force. Only for the products which are completely included into specific Directive or Regulations will be necessary to appoint a Notified Body.

5) TYPE OF PRODUCT:

SPC Flooring

6) LIST OF DIRECTIVES/ REGULATIONS (standards as declared by the manufacturer itself)

Regulation for the Marketing of Construction Products 305/2011

EN 14041:2004/AC:2006 Clause 4.1 & EN 13501-1:2007- A1:2009

EN 14041:2004/AC:2006 Clause 4.3 & EN 17171:2004/EN 14041:2004/AC: 2006 Clause 4.5& EN 13893:2002

EN 14041:2004/AC: 2006 Clause 4.7& EN 12667:2001- SYSTECS - EN3690-2:1999-A1:2003&EN3649:2011

7) NOTE:

The applicant is aware about the contents and information included in the 305/2011/EC Regulation for this type of Certificate that is considered totally accepted. The latest revision of the Regulation is available and can be downloaded from the website eur-lex.europa.eu. This document is not referred to any evaluation that could be considered as included in the scope of the activities covered by the standard EN ISO 9001:2008 or European Regulation 765/2008.

8) REMARK:

Certificate is issued on voluntary application from the Client and it gives to the applicant the right to use and affix the ISET Mark on point 3) on their products, even if it doesn't imply any assessment on the safety and compliance of the product. ISET declares that the only scope of the assessment is to verify the existence of the declaration issued by the manufacturer or an applicant under its own responsibility.
